

What a BIG MISTAKE it would be to allow cell phone usage on airplanes while in flight. As a flight attendant, I have a hard time with this one. Not only is it a safety issue, but what an annoyance to surrounding passengers. Can you imagine an international flight sitting next to an incessant talker?? Talk about "airplane rage" between the passengers. I'm sure I'll have to come between two fighting passengers on more than one occasion. PLEASE, PLEASE, for all of our sakes, don't let this one pass....Let's have one last place where we can get some quiet (amidst the sound of the engines, if that is at all possible).
